Carl --

Steve Chester just asked me to check on whether Region 6 has sent an inspection team to the West Fertilizer plant yet or whether you are still in the emergency ops phase. Could you let me know the status of the Regional investigation? Thanks.

Rosemarie

I am out of the office. John- please coordinate with Rosemarie if there is anything needed from OCE.

Thanks,
Susan

None from the civil side that I run. I understand that we will send 112r inspectors out soon. Currently the inspectors will be from our Superfund group as it is not a Title 5 facility. We are talking to Carl

Edlund about having my inspectors joining them.

John

I am getting questions re whether we have investigators on the ground at West. And if yes, whether well coordinated with other investigating entities. Could you let me know? I am being asked to respond today if possible. Thanks - Cynthia
